

MARK MARKING PAINT

MASTON MARK is a quick-drying marking paint especially for wood marking but also suitable for stone and metal. The paint is not absorbed in the marked surface.

Unique compounds prevent over-heating of saw blades or paint distribution in processing of wood into boards. Removable with acetone if necessary. Dust-dry in ca 20 seconds. Temperature of the marked surface -35°C - 160°C . The color stays on the surface for about 36 months. Environmentally friendly ink based formulation. Coverage 100m.

BINDER:
Ink, Solvent based

HARDNESS

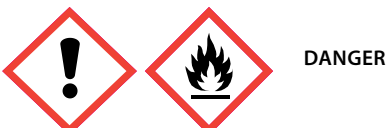

DEGREE OF GLOSS (DIN 67530 60 °):
matt 0-25 gloss units

HEAT RESISTANCE: -35°C - $+160^{\circ}\text{C}$
STORAGE STABILITY: 60 months

RECOAT: not necessary

SIZE: 500 ml

SALES QTY: 6 pcs

Information valid at 20°C , relative air humidity 20% - 70%
