

MASTON

COCKPIT AUTO

MASTON COCKPIT is a detergent polish for your car's rubber and plastic surfaces. Suitable for interior and exterior use, it returns the original shine to surfaces and forms a dirt-repellent, antistatic coating. Maston Cockpit is non-freezing and contains no silicon. How to do it: Spray Maston Cockpit evenly onto the surface to be cleaned. Wipe with lint-free paper towel or cloth. Repeat at least with every car wash.
