

CAR COLOR SPRAYFILLER

MATERIAL

HARDNESS

MASTON CAR COLOR SPRAY FILLER compounds of car refinish filler, acrylic binder and additives, It has good filling power, it levels fast and dries quickly. Easy to sand, but can also be painted with overcoat directly, no sanding needed. Due to the acrylic base Maston fillers and primers are compatible with most of the overcoats, also with synthetic or nitro based primers. Suitable for metal, aluminium and wood.

New layer can be applied wet-on-wet or wet-on dry. Easy to sand, for sanding after drying we recommend wet-sandpapers grain, final grain 400-600.

BINDER:
Acrylic, Solvent based
